. . . We The Children

of War . . .

Born in a time of war, nourished in a world torn with fear and strife, introduced to education in the days of the Korean War, and challenged to maturity in the years of the Cold War, we the children of war share the universal hope and yearning for a time of peace—a time when mankind will lift the pipe of peace to its lips. Therefore we, the Class of Nineteen Hundred and Sixty-Three, dedicate this our yearbook to peace.

TO THE CLASS OF 1963:

Success is measured by the accomplishments or perhaps the surpassing of personal goals. Establish your goals on a plane commensurate with your ability, capability and interest—let nothing deter you.

Many of us use a "yardstick" which is not comparable with our talents, and it is here that the first mistake is made. Choose an objective which will give you a degree of happiness in completing.

Congratulations on your graduation, and best wishes for all that you desire. May the Lord bless you and keep you well.

Sincerely,

Thomas A. Blake

Our Able Administrators . . .

To the Graduates

To the Class of 1963:

Your class has distinguished itself in many ways. One of the main reasons for your success scholastically, socially and athletically is the awareness of your responsibilities. Both as individuals and as a class you have met these responsibilities well. To continue to do this in the future will bring happiness and success.

Congratulations to each one of you as you graduate and thank you for making Medfield High a better school for all.

Sincerely,

Charles F. Mains

GUIDANCE

Although we teenagers of today think ourselves independent, the perplexities of our future often seem overwhelming. The purpose of the guidance department is to remove these apprehensions and to lessen our fears about the future. Mr. Davidson and Mr. McCarthy answer our questions about Aptitude Tests, colleges, and careers.

SCHOOL COMMITTEE

The School Committee is a vital part of our school system, determining the major policies and principles regulating its operations. Our School Committee works very actively to assure Medfield students the best possible

education while carrying through policies involving the expansion of enrollment, teacher personnel and building construction. We sincerely appreciate the time and interest spent by these citizens in our behalf.

SCHOOL COMMITTEE

One of the most remarkable facets of our school is the newly instituted library. Under the guidance of Mr. Hogan, we have seen it grow from a collection of sixty volumes to an ever increasing number of three thousand. The fact that it is located in school and offers training and help in reference and research, is making the library invaluable to students. Student librarians relieve much of Mr. Hogan's office and desk work.

CLASS PROPHECY . . . A TOUR

"Good evening friends. This is your host RALPH BAKER welcoming you to the second televised tour of the White House. If our cameraman, CAMERON DALEY, will move in we can get a close-up of the nation's first woman president as she approaches. MISS NANCY KENNEDY, President of the United States, ladies and gentlemen."

"Good evening, I want to welcome you to my home. If you'll follow me I will begin to show it to you." President Kennedy moves and Secret Servicemen JOSEPH HORGAN and ERIC SUERETH, unnoticed until now, follow at a distance.

"The first room we will visit is the yellow room where a tea is presently being held. Many well-known personalities have gathered here this afternoon. To my right are the two leading representatives of the American Red Cross, JANET and JOANNE CARLSON. Standing before the grand piano are MELISSA McQUILLAN, the president of Radcliffe College, GALE FRANKE, United State's Ambassador to France, and the ambassador to Italy, RICHARD IAFOLLA. Conversing near the punch bowl are Admiral STEVE LARSEN and Secretary of Defense, JAMES HORGAN. Seated on the Monroe divan are the nation's top physicists, Doctor GERALD WILLS and Doctor RICHARD YODER, and the Greek Ambassador's interpreter SANDRA SARIKAS. Incidentally, the Monroe divan was a gift from Miss LAURA SMITH, a long-time friend of the President.

"At my left JOANNE DUFFUS, the chief interpreter at the United Nations is speaking to CAROL CHRISTIAN, head of the Council on World Religions. Our guests are being entertained by the music of the ALAN DICK orchestra and the antics of America's funniest comedian JERRY HOULIHAN. The noted poet RALPH HAMILTON is here to recite some of his latest work. Frequently present at the White House teas are MARY RILEY, PAMELA CLARRIDGE, DIANE EBURNE, and MARY CARTER, a quartet that won its fame in the president's home state, in the Massachusetts Minstrel Shows." All entertainers arrived at the White House via THELMA TOCCI'S Limosine Service. The president leaves the tea.

"The next door on my right is the Conference Room. The outer office is reserved for the press. Here we see MIKE SCRIBNER of TIME magazine,

OF THE WHITE HOUSE

KEN STOCKWELL and CHARLOTTE CARLSON from the Shelbourne Falls Gazette and The Norton News respectively. Seated around the conference table from left to right are Vice-President MICHAEL ROGERS, stenographer CAROLE JOHNSON, Attorney General, JOHN PRESTON, Press Secretary, DONNA ROBERTS, Foreign Relations Advisor, CAROL LOTHROP, and BARBARA NELSON, President of the American Tobacco Company. They are now adjourning to a small dining room where dinner will be served, through the courtesy of JANE TRAVERS, owner of a chain of Mr. Donut restaurants."

"Over the fireplace in the Lavender Room is a painting of the Peak House (located in Medfield, Massachusetts) painted by NANCY McGARY. The curtains were designed by WENDY LOADER and the bronze statue called "The Athlete" was donated by MARJORIE OWEN. The horsehead book ends were a gift of famous equestrienne KAREN MAGNUSSEN. Through the picture window you can see our touch football team. The ambassador from Russia has just tackled STEPHEN HARRISON, who owns the finishing school which our President attended."

"As you can see this part of the White House is undergoing restoration. Our contractor is BILL CALLACHAN and chief engineer is JACK DONAHUE. The restoration of the furnishings in these rooms is being handled by our decorator SUSAN HULL."

"The oldest part of the building contains the medical rooms. At the moment there is a meeting of the staff being held. We see White House Doctor KAREN WATERS, nurse BETTY PEDERSON, psychologist MARGARET STUBBLEBINE, physical fitness director DOUG VLIET, and veterinarian ANITA KARLE."

"That's about all we'll have time for tonight. Thank you President Kennedy. This program was produced by ROBERT HURD and directed by JOYCE KAMINSKI. Our make-up consultant was BARBARA LUDLOW and speech consultant was SHIRLEY SMITH. President Kennedy's dress was designed by NINA D'ANGELO and her hair was styled by TERRANCE AMATO. Our special thanks go to MARY SHERIDAN and CHERYL SEE for their advice in planning this program which was brought to you by the Deli, owned and operated by LINDA PERRIN."

Sophomores Enjoy Upperclass Status

The class of 1965 is finding that the sophomore year in high school is not an easy one, but, that it is not all studying either. We are proud of large numbers of our class on athletic teams, in the school band, and in the glee club. We are sure that next year as Juniors we will be well represented on the

National Honor Society. Our Junior year will also bring the Junior Prom and the Junior-Senior Banquet, for which we are already preparing. We are counting on our dues and a successful dance this spring to help us start our Junior year in good financial condition.

Freshman Adjust To H.S. Curriculum

The Class of 1966 began its first year in the high school with a spirited class election and an empty treasury. However, class dues have been established and plans are under-way for a spring dance and a magazine drive. If each member of this year's class displays

as much school spirit and works as hard in the three years to come, as it has thus far, 1966 will witness the departure of one of the most outstanding classes ever to be graduated from Medfield High.

STUDENT COUNCIL

This active organization started the year with a Sock Hop. We sold magazine subscriptions for our Scholarship Fund, held a beautiful Christmas Pageant, and collected one hundred dollars for Care. Our school store has been very successful. We have held a series of informative monthly assemblies for the student body as well as a Cabaret Dance.

NATIONAL HONOR SOCIETY

N.H.S. trip to Sturbridge Village, spring 1962

The prosperous Paperbook Book Store, conducted last year has been continued and expanded by an enthusiastic group of workers. Offering new services, we have greatly increased our business. We also held two well attended dances. The profits from both activities will be used for our annual trip. We are, as always, trying to increase scholarship, service, leadership and character in Medfield high students.

PEAK STAFF

The "Peak" has kept its staff and the two editors, busy this past year. The editors chased hither and thither with the photographer snapping candid and group pictures, and bore the responsibility of outlining the yearbook and sending material in on the deadline. The literary editors took a poll and plied classmates with innumerable questions to produce the will, history, and prophecy.

Invaluable helpers labeled pictures and typed copy. The advertising editors led a door-to-door sponsor night and sold ads to merchants. We will all breath a great sigh of relief and feel immense satisfaction when the completed book comes back to us.

MEDFIELD'S MUSIC MAKERS

The Medfield musical organizations have increased in both size and quality in the past four and a half years. A small group of girls has grown into a mixed chorus of approximately one hundred members and a special

glee club of forty. Our band, now consisting of over fifty players, participates in both school and civic functions. It is our hope that, in the future, more musical opportunities will be available.

The Medfield High School Team had its most successful season in several years as it compiled a record of five wins and three losses. One of the victories was over the defending Class D Champions, Manchester. The success of the team can be attributed to the spirit and hard work of the players and their coaches Mr. Keyes, Mr. Langton, and Mr. Abel. Seven starters will return next year to form the nucleus of what should be another winning team.

BASEBALL

1962

The baseball team is returning this year with seniors Mike Rogers, Steve Harrison, and Bob Hurd, aided by the powerful bat of junior Jay Halloran, last year's Most Valuable Player. The team plans for a better record than last year's admirable 9-4, and only the championship will quench their fight. Under the excellent coaching of Ed. Keyes the team has slugged its way up to its present position and will continue to drive upward.

In the past four years the girls' basketball team has developed into a strong trophy-winning unit, the last two years being under the excellent direction of Mrs. Kelley. The number of towns played has been expanded to eight. Two years in a row the team has tied for the league championship and was honored to have been invited to play in the Massachusetts Invitational Girls' Basketball Tournament. The color and spirit of the Junior Cheerleaders has been an added attraction to our games at home and away this year.

Precision Personified

Our M.H.S. Majorettes are a comparatively new organization. Having been established in the fall of 1960, the group has since contributed tremendously to the growth of school spirit among students and townspeople: by marching through town before home games and after victories and by their representation of M.H.S. in Memorial Day and Little League Parades, Spring Festivals, and Pep Rallies.

GIRLS' SOFTBALL

The Girls' Softball Team deserves much credit. The girls begin practicing while the crisp air of early spring is preserving the last of winter's snow. The girls continue their hard work well into the humid, sometimes muddy, days of late spring. Last year they

played a spectacular season winning five games and losing only one. Although five of last year's seniors have left another winning season is anticipated for the M.H.S. Girls' Softball Team this spring.
